Catalogue 2026

La natura è la nostra più grande fonte di ispirazione. Per questo ci piace pensare che i nostri stessi prodotti siano il frutto di idee che vengono piantate in un terreno ricco di esperienza e passione. Lì vengono sviluppate con tutta la creatività e l'impegno che ci contraddistinguono e, a poco a poco, crescono e prendono forma. Nel pieno rispetto dell'ambiente e con un occhio rivolto al benessere di tutti.

Nature is our biggest inspiration. That's why we love to think that our products are the result of ideas that get planted in soil rich in experience and passion. Then they are developed with the creativity and commitment we are capable of and, little by little, they grow and take shape. With total respect of the environment and with an eye towards the well-being of all.

# Contenitori → Carta di bambù

## LO SAPEVI CHE: DID YOU KNOW..

→ Abbiamo introdotto la **soluzione combo**: vaschetta e coperchio nella stessa confezione, per un'esposizione più pratica e un abbinamento immediato che **semplifica la scelta**.

→ Il **coperchio con finestra in cellophane** è una soluzione sostenibile e pratica: cellophane e vaschetta in bambù possono essere smaltiti insieme nella raccolta della **carta**, poiché il cellophane è un materiale naturale, derivato dalla cellulosa.

→ Gli **inserti in PP** sono pensati per **separare le pietanze** e mantenerne **freschezza e sapore**. Garantiscono praticità, igiene e un'esperienza di consumo ottimale.

→ We have just introduced a **combo option**: bowl and lid are in the same pack, to get a more practical display and give an immediate match that **makes selection easier**.

→ Even the **lid with a cellophane window** is a sustainable yet practical solution: cellophane and bamboo bowl can be put together **in the paper** recycling bin, as cellophane is a natural material derived from cellulose.

→ The **PP inserts** are projected to **separate food** and maintain its **freshness and flavor**. They guarantee practicality, hygiene and a top consumer experience.

## LO SAPEVI CHE: DID YOU KNOW..

→ La linea **FLEXI** è composta da contenitori **salvaspazio**, **facili da montare** e **pratici da utilizzare**.

→ Con le nuove **Flex Menu Box** puoi creare il tuo **lunch box su misura**, componendolo come preferisci.

→ Grazie al pratico design "**versatile**" della nostra **Flex Food Box**, puoi scegliere se utilizzarla in versione **monocomparto** o **biscomparto** a seconda delle tue esigenze.

→ Le box **Farfalla** multi-food sono appositamente studiate per il trasporto: il cartoncino ondulato garantisce **rigidità** e **isolamento**, mentre la laminazione **BOPP** crea uno strato resistente a **olio e grassi**.

→ The **FLEXI** range is composed of **space-saving options** that are **easy to assemble** and **practical to use**.

→ Thanks to our new **Flex Menu Box**, you can create your own **customised lunch box**, building it exactly the way you want.

→ The versatile design of the **Flex Food Box**, allows you to choose if using it as a **single-compartment** or **dual-compartment** container, following your needs.

→ The **multi-food Butterfly Boxes** are specifically designed for take-away: the corrugated cardboard provides **rigidity and insulation**, while the **BOPP lamination** makes it **oil and grease resistant**.

# Contenitori → Polpa di cellulosa

## LO SAPEVI CHE: DID YOU KNOW..

→ La polpa è un materiale ricavato dallo scarto della lavorazione della canna da zucchero.

→ È il materiale perfetto per prodotti monouso perché **compostabile** e **smaltibile nell'organico**.

→ **Si biodegrada completamente in pochi mesi.**

→ Pulp is obtained from sugar cane processing waste.

→ It is the perfect material for disposable products because it is **compostable** and can be disposed of as **organic waste**.

→ It completely **biodegrades** in a few months.

# Contenitori → R-PET

## LO SAPEVI CHE: DID YOU KNOW..

→ Il R-PET è la scelta ideale per chi desidera un materiale **trasparente**, capace di valorizzare al meglio le pietanze contenute.

→ Il R-PET è ricavato dal riciclo del PET vergine, permettendo di risparmiare fino al 75% di energia richiesta per la produzione di PET.

→ Entrambi i materiali **garantiscono un'ottima conservazione** degli alimenti.

→ R-PET is the best choice if you want **clear material** to show off the contents.

→ R-PET is made from **recycled virgin PET**, saving up to 75% of the energy required to produce PET.

→ Both materials **guarantee excellent food preservation**.

# Piatti → Polpa di cellulosa

## LO SAPEVI CHE: DID YOU KNOW..

→ Le nostre linee di piatti nascono per coniugare **funzionalità e design**: forme e dettagli sono studiati con cura per valorizzare al meglio ogni pietanza.

→ E il materiale? Attraverso l'impiego della **polpa** abbiamo la possibilità di dare nuova vita allo **scarto** della lavorazione della **canna da zucchero**.

→ I piatti in polpa, interamente **compostabili**, sono la scelta sostenibile per **qualsiasi tipo di evento**.

→ Our range of plates is developed to match **functionality and design**: shapes and details are carefully created to best enhance every kind of food.

→ What about the material? By using pulp, we give new life to waste from sugar cane processing.

→ Pulp plates are **fully compostable**, so they are the sustainable choice for events.

# Finger Food → Polpa di cellulosa / Legno / PP

## LO SAPEVI CHE: DID YOU KNOW..

→ I prodotti per finger food in **polpa** uniscono **sostenibilità ed estetica**: sono completamente compostabili e disponibili in forme eleganti e di **design**, ideali per eventi e catering.

→ Le varianti in **foglia di legno** richiamano un'estetica autentica e **naturale**, per una **mise en place** che porta la **natura in tavola**.

→ Le varianti in **PP** sono resistenti e riutilizzabili: dopo il lavaggio a mano tornano come **nuovi**. Inoltre, la **trasparenza del materiale** consente un servizio che valorizza ed esalta le pietanze contenute.

→ Finger food products made from **pulp** combine **sustainability and aesthetics**: they are completely compostable and available in elegant, **designer shapes**, perfect for events and catering.

→ The **wood leaf** options reflect an authentic, **natural aesthetic**, for a **table setting** that brings **nature to the table**.

→ The **PP** options are durable and reusable: **after washing** by hand, they come as new. The transparency of the material allows for a service that enhances and highlights the dishes contained within.

# POSATE → Carta / Legno / Bambù / CPLA

## LO SAPEVI CHE: DID YOU KNOW..

→ La nostra linea di posate in carta si completa di **bacchette / chopstick verdi Jungle** confezionate **singolarmente**.

→ Il nuovo **design delle forchette** in legno è studiato per renderle **più pratiche e comode** da usare.

→ Le posate **Bloom in CPLA** sono progettate per offrire **resistenza** e una piacevole **esperienza di consumo**. Oltre alle **elevate prestazioni tecniche**, sono anche una **scelta sostenibile** per l'ambiente in quanto **compostabili**.

→ Our range of paper cutlery is completed by **individually wrapped Jungle green chopstick**.

→ The new **design of our wooden forks** is studied to improve **practicality and comfort** when using them.

→ **Bloom CPLA cutlery** is created to offer **durability and a pleasant dining experience**. In addition to their **high technical performance**, they are also a **sustainable choice** as they are **compostable**.

# BICCHIERI → Carta / PP / Alluminio / PS

## LO SAPEVI CHE: DID YOU KNOW..

→ Abbiamo ampliato la nostra collezione di bicchieri in carta: per chi vuole andare oltre i classici bianchi, quelli **total black** offrono un'alternativa decisa e contemporanea, trasformando ogni sorso in una nuova esperienza.

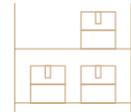

→ I nostri bicchieri in PP si riconoscono! **Linee decise** e forme funzionali per bicchieri che non vi stancherete mai di utilizzare. **Riutilizzabili** e lavabili in lavastoviglie.

→ L'insero "mangia e bevi" in PET permette di trasformare il bicchiere in uno strumento pratico che rende lo spuntino o l'aperitivo più smart.

→ We just extended our collection of paper cups: for those who look for something more than the classic white ones, our **total black** ones are a bold and contemporary alternative, transforming every sip into a new experience.

→ Our PP glasses don't go unnoticed! **Bold look** and functional shapes for glasses you won't get tired of. **Reusable** and dishwasher safe.

→ The PET 'eat and drink' insert makes the glass a new practical tool that makes your snack or happy hour smarter.

Aluminum

## LO SAPEVI CHE: DID YOU KNOW..

→ Abbiamo introdotto un **nuovo bicchiere**, interamente realizzato in alluminio, materiale riciclabile infinite volte.

→ L'alluminio ha la capacità di mantenere fredde le bevande, rendendo ogni sorso "very cool".

→ Lavabile a mano e riutilizzabile fino a 10 volte, può essere poi facilmente smaltito come una lattina.

→ Introducing a **new glass** entirely made of aluminum, a material that can be recycled indefinitely.

→ Aluminum can keep drinks cold, so that every sip is 'very cool'.

→ Hand **washable** and reusable up to 10 times, it can then be easily disposed of like a can.

# Vassoi → Polpa / PP / PET / PS

## LO SAPEVI CHE: DID YOU KNOW..

→ Una collezione completa di vassoi, pensata per coprire ogni esigenza di utilizzo, dal catering professionale agli eventi.

→ Molteplici forme e soluzioni, disponibili con o senza coperchio, per garantire flessibilità, protezione e praticità in ogni contesto di servizio.

→ Il servizio nasce dal vassoio: scegli quello giusto per elevare la presentazione e ottimizzare il servizio.

→ A full collection of trays, designed to meet every usage need, from professional catering to events.

→ Different shapes and solutions, available with or without lid that guarantee flexibility, protection, and practicality when serving.

→ Service starts from the tray: choose the right one to improve presentation and optimize service.
